About Us

International School of Photonics, established in 1995, has been conducting the Annual Photonics Workshop, a national event which brings together leading scientists, academicians, industrialists and young researchers in the country for active discussions and fruitful interactions on various aspects of Photonics, for the last several years. This annual event was conducted as the National Photonics Symposium (NPS) from 2017 onwards. The aim of NPS is to enlighten budding scientists to find newer directions for research through active discussions and collaborative research. We hope to provide the best platform for all participants to exchange the latest and advanced research with other specialists and scholars by bringing in the best scientists in India and abroad to deliver invited lectures and plenary talks apart from contributed papers. On 28th February, there will be a special session to celebrate National Science Day.

Scope of the conference

- Nanophotonics Plasmonics Metamaterials
- Biophotonics Nonlinear Optics and Laser
- Technology Quantum Optics and Quantum
- Computing Optical Fibre based devices
- Optoelectronic devices
- Materials for Photonics/Optoelectronics
- Laser Induced Plasma
- Ultrafast laser-matter interactions
- Laser assisted fabrication Techniques
- Laser assisted non-destructive testing
- THz Science and Technology
- Laser Speckle metrology

Call for Papers & Thesis

Original research papers are invited for both oral and poster presentation at this National Conference. One page abstract for contributed papers shall be submitted to nps@cusat.ac.in. Please visit for the template for the preparation of abstracts and other details
